

COMSATS University, Islamabad, Sahiwal campus

Course Title:	Human Resource Management			Course Code:	MGT350	Credit Hours:	3
Instructor:	Muhammad Qadeer			Program Name:	BCS		
Semester:	8 th	Batch:	SP22	Section:	A+B	Due Date:	
Maximum Marks:	10						

Assignment #2

(CLO-3)

Q #1:

Evaluate the effectiveness of different job analysis methods discussed in Chapter 4. Compare their advantages and limitations, and justify which method is most suitable for a technology-driven organization aiming for high-performance work systems (HPWS).

Instructions:

- Your answer should include a critical comparison of at least three job analysis methods.
- Provide examples to support your evaluation.
- Justify your choice of the most suitable method based on real-world applications.

Submission Guidelines:

- I. Submit a minimum of 5 handwritten pages summarizing your findings, including diagrams where applicable.
- II. Use A4-sized paper with an assignment title page and assignment cover.
- III. Assignments will not be accepted after the due date.
- IV. Submission in soft form will not be allowed in portal.
- V. Assignments that do not follow the above guidelines will not be accepted.

Marks Distribution:

Section	Description	Marks
Introduction	Define job analysis and its significance in HRM. Mention the purpose of evaluating different job analysis methods.	1
Comparison of Job Analysis Methods	Discuss at least three job analysis methods, comparing their advantages and limitations with examples.	4
Justification of the Most Suitable Method	Select the best method for a technology-driven organization using HPWS, providing strong reasoning and real-world examples.	3
Conclusion	Summarize key findings and reinforce the effectiveness of the chosen method.	1
Structure, Clarity, and References	Logical flow, well-organized content, proper citations if used.	1
Total Marks	10 Marks
